Approved For Release 2005/08/03 : CIA-RDP79R00904A001200050026-8

23 February 1966

MEMORANDUM FOR: The Deputy Director of Central Intelligence

THROUGH: The Executive Director

SUBJECT: Guidance for Emergency Preparedness Planning

1. Under date of February 16 you signed, as Acting Director, a letter to the Acting Director of the Office of Emergency Planning, concurring in a draft report entitled "Guidance for Emergency Preparedness Planning." This report had been prepared in an inter-agency group on which I represented the Agency.

2. Under date of February 21 I received a letter from the Chairman of the working group, Mr. Stokley, enclosing some revisions to certain sections of the original report. These revisions were prepared by the Council of Economic Advisors and related entirely to domestic matters, e.g. the rate of growth of GNP and the possible necessity for domestic controls in certain situations. Mr. Stokley's letter said that if the contents of these revised paragraphs were acceptable, no further written concurrence would be necessary.

3. These revised sections deal entirely with domestic US matters with respect to which this Agency would have no specific concern. Accordingly, I would recommend that we take no formal action with regard to these revisions, and that I be authorized to call Mr. Stokley and tell him that we have no objections.

4. Mr. Stokley's letter and the amendments are attached.
